Sir:

Responsive to an Office Action dated 10/13/2005, the applicant makes the following claim amendment and Remarks.

In The Claims

Please amend claim 40 as follows:

40. An olive kernel [organic extract] composition comprising kernel components extracted from de-fleshed crushed kernels by a hydrocarbon solvent.

40-47. Replace the word "extract" in the first line by composition.

48. Replace the word "product" in lines 4 and 5 by composition.

Remarks

In the Disposition of Claims section of the Office Action Summary, it is said that claims 40-47 are pending. This is an error. Claims 40-48 are pending (see p. 2, DETAILED ACTION). In any case, all claims stand rejected.

It should be stated at the outset that the applicant has repeatedly requested correction of the Filing Receipt to show the correct title of the application as amended in the Preliminary Amendment filed with this application. We have yet to receive a corrected Filing Receipt.
